

# Rehearsal Report

Wednesday 6/27/12

<b><u>Rehearsal Notes</u></b>	Had Alison and Jason tonight. They worked on lines then 7:15 we began tablework to go over the intimate moments. 7:38 started working lii, 9:08 lv. Ended at 9:48. lii is a big scene.
<b><u>Set</u></b>	Stairs to a landing! Woo! The top two steps are kind of wonky, just fyi (top slopes down, second slopes up).
<b><u>Props</u></b>	The phone should be cordless. Cider bottle for lii. We need some rehearsal hand props. I'll work on a list and we can touch base.
<b><u>Costumes</u></b>	Nothing new.
<b><u>Lighting</u></b>	We have a lighting design team!!!
<b><u>Sound/ Projection</u></b>	Nothing new.
<b><u>Schedule</u></b>	Tomorrow is scenework with Anthony and Maddie 6:30-10. Monday we will probably be running the show at the start of rehearsal, then doing scenework afterward.
<b><u>Miscellaneous</u></b>	Does anyone have a cordless hand vacuum? Or a not cordless hand vacuum? We're gonna need to spend some extra attention on keeping the sofa and chair clean. The pigeons were quiet tonight. The goats were not (different noises than the pigeons).
