Rehearsal Report

Thursday 7/5/12

Rehearsal Notes

Jason and Anthony were both held back by work today. While waiting, we started moving equipment into the barn. Jason and Anthony ran lines for their scene after arriving, while we finished moving. Anthony and I ran lines for Iii while Steven talked lighting with Chris. Started Iiii at 8:00pm, ended at 8:35. Began Act II Peter/Psyche scenes at 8:45 (with Steven checking blocking notes). Jason and I ran his lines outside. We returned inside at 9:50, completed IIv at 10:08. No Tiffany.

Set

The second stair from the top is a bit loose; the US side of the board was lifting away from the base as the actors stepped off of it. We will spike the furniture during Monday's rehearsal.
